Education

Indira Gandhi University   **Meerpur**, Haryana
Bachelors,Computer Science & Engineering.   2020-24

Projects

Landing Page
- Designed and implemented a clean and responsive user interface for a landing page project.
- Utilized Next.js to create a dynamic web application with a combination of server-side and client-side rendered components, ensuring optimal performance and SEO-friendliness.
- Developed reusable components to enhance code maintainability and scalability.
- Styled the user interface using Tailwind CSS, achieving a modern and visually appealing design.

Inventory Management Tool
- Developed a full-stack CRUD (Create, Read, Update, Delete) web service for inventory management.
- Backend development using Flask, a Python web framework, to create a robust and scalable server.
- Utilized PostgreSQL as the database system to efficiently store and manage inventory data.
- Implemented a user-friendly frontend using JavaScript to allow users to seamlessly add, view, update, and delete items in the inventory.
- Designed an intuitive user interface for a smooth user experience, enhancing productivity in inventory.

Portfolio Website
- Designed and developed a personal portfolio website from scratch using HTML, CSS, and vanilla JavaScript.
- Showcased a diverse range of skills and projects, effectively presenting your expertise to potential employers or clients.
- Created a visually appealing and modern frontend that captivated visitors and conveyed professionalism.
- Ensured the website was fully responsive, adapting seamlessly to various screen sizes and devices for an optimal user experience.
- Demonstrated strong attention to detail in the layout, typography, and overall aesthetics of the website.
- Implemented best practices in web development to ensure cross-browser compatibility and accessibility.

Sudoku Helper
- Collaborated with a partner to develop a Sudoku helper tool.
- Designed the frontend and user interface for the Sudoku solver.
- Implemented interactive features to assist users in solving Sudoku puzzles.
- Provided hints and strategies within the tool to aid users in tackling Sudoku challenges effectively.
